Protest

Chief Mizuno: Still have some intersections closed including, Dorchester, Millen and Girardot. Working on removing barriers at Prince and South Totten. The out of town officers are no longer here but we are still staffing this incident at this time. There are still officers there and visible and we will keep that up for a bit. There have been no specific threats come through lately but it is still a concern. It has not gone away and we are keeping our staffing levels up.

CAO: Our finance team is gathering how much this has cost, what the long-term hardening of the borders looks like, looking at HR and the resources needed for that.

Andrew, Jelena, and Chief Laforet to stay on with the CAO for a discussion after this meeting.

Chief Laforet adjourned the meeting at 0947 hours.
